More \$7.99 Per Month Netflix Streaming-Only Plan Sightings

Readers Barbara and John reported seeing the \$7.99 per month Netflix streaming-only plan (first seen in [early October](#)), and I was finally able to see it by clearing my cache. The new pricing with one DVD at-a-time at \$9.99 is actually \$1 more than the current \$8.99 plan, but it's still amazing that Netflix can profitably offer unlimited streaming of thousands of movies for \$8 per month.
